HEAT & AIR

Most air conditioning problems are preventable; caused by installation errors, a lack of maintenance or mistakes during operation. Once our technicians have dealt with the problem, we will give you advice on how to prevent such problems in the future.

PLANNED MAINTENANCE

Planned maintenance is key to making sure your heating and cooling system is in top shape at all times. Think of a planned maintenance agreement as an investment into your investment.

AIR PURIFICATION

Headaches, respiratory infections, aggravated symptoms of asthma and allergies, sneezing, coughing, and watery eyes are all signs of indoor contaminants. Through proactive measures, you can greatly improve the quality of the air in your property.

Dependable Heating, Cooling & Air-Purification Services

**HVAC MAINTENANCE • MECHANICAL SHEET METAL • DUCTWORK

Eagle River Heating & Mechanical is able to provide our customers with the highest level of HVAC workmanship. Alongside top-quality products, this lets us guarantee only the best results for you, ensuring you make the most of your heating and cooling investment. We also offer reliable indoor air quality solutions you can count on for years to keep your family healthy and safe.
